SUMMARY

I am a disciplined, flexible and passionate student with a robust understanding of programming and mobile application development. Over the past three years, I have honed my skills in mobile, database, UI/UX development, and some web applications. I prioritize not only technical expertise but also essential soft skills such as time management, critical thinking, leadership, and collaboration. As a distinction graduate of Bangkit Academy 2023 Batch 2 in mobile development, I am committed to continuous learning and excellence in the tech industry.
